* The Commission is required to discuss all complaints received regarding physiotherapists with the Physiotherapy Council of NSW. The complaint was discussed on 1 April 2014 and it was decided to take no further action. After a careful review of the information available, including the complaint, your response and copies of each patient's treatment records, the Commission and Council did not identify any issues of concern in relation to your record keeping and billing practices which would warrant investigation on our part or that would be likely to lead to disciplinary action being taken against you. *

[REDACTED] has been informed of this decision and their right of review. Should they exercise this right and the decision change, you will be advised accordingly.

If you have any questions about the Commission's processes or about the assessment decision, please contact J [REDACTED] on (02) 9219 7495.

Yours sincerely
